

SNAKE IN A BOX

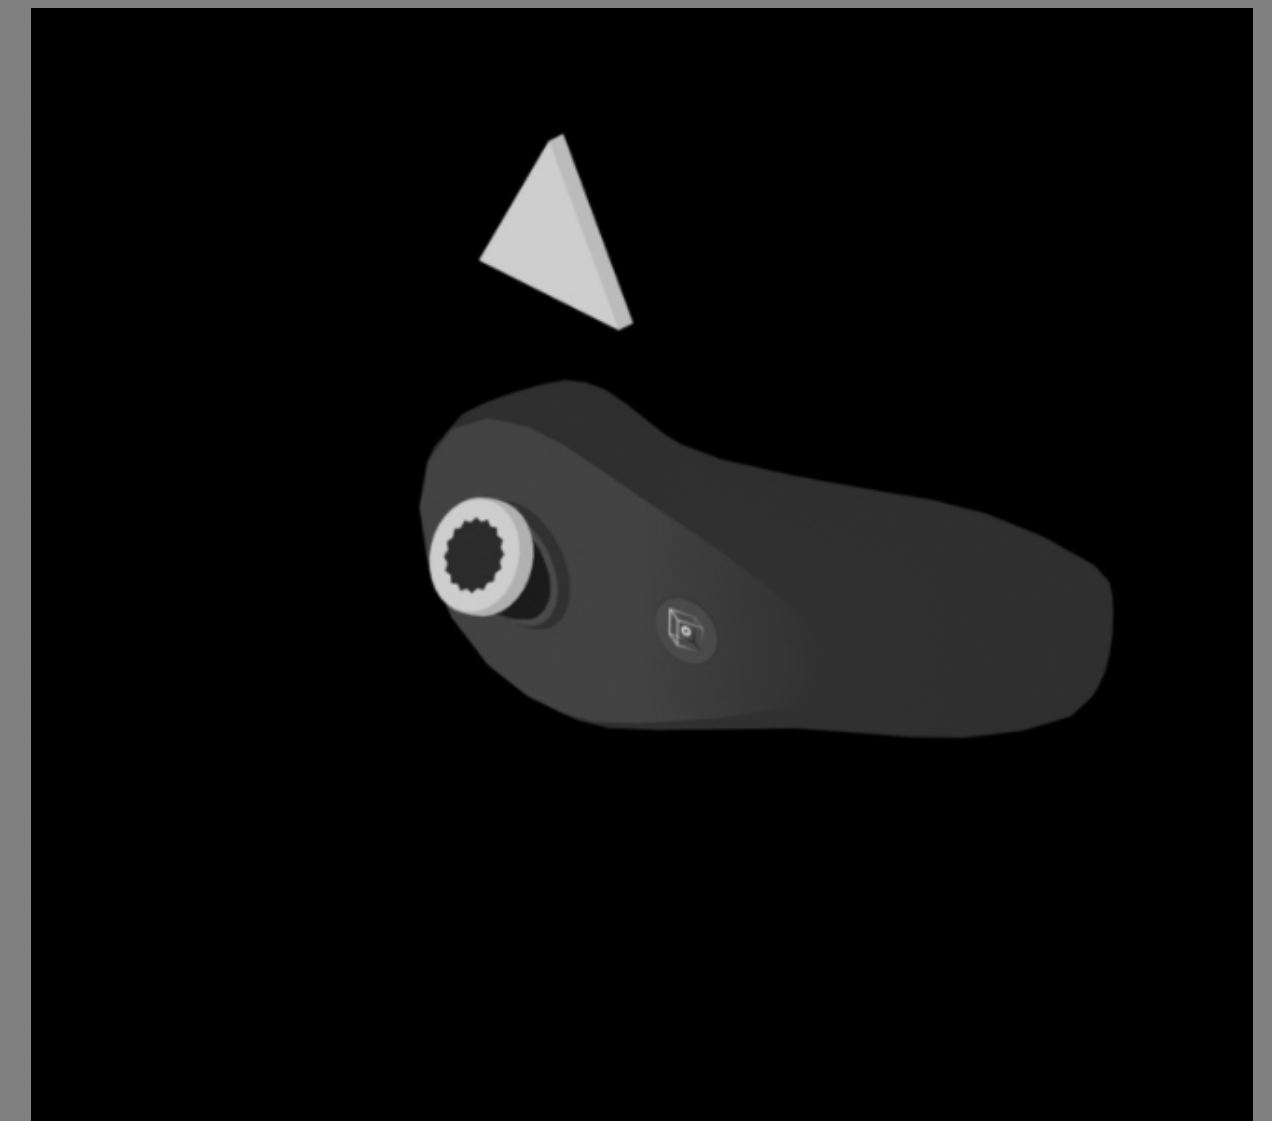

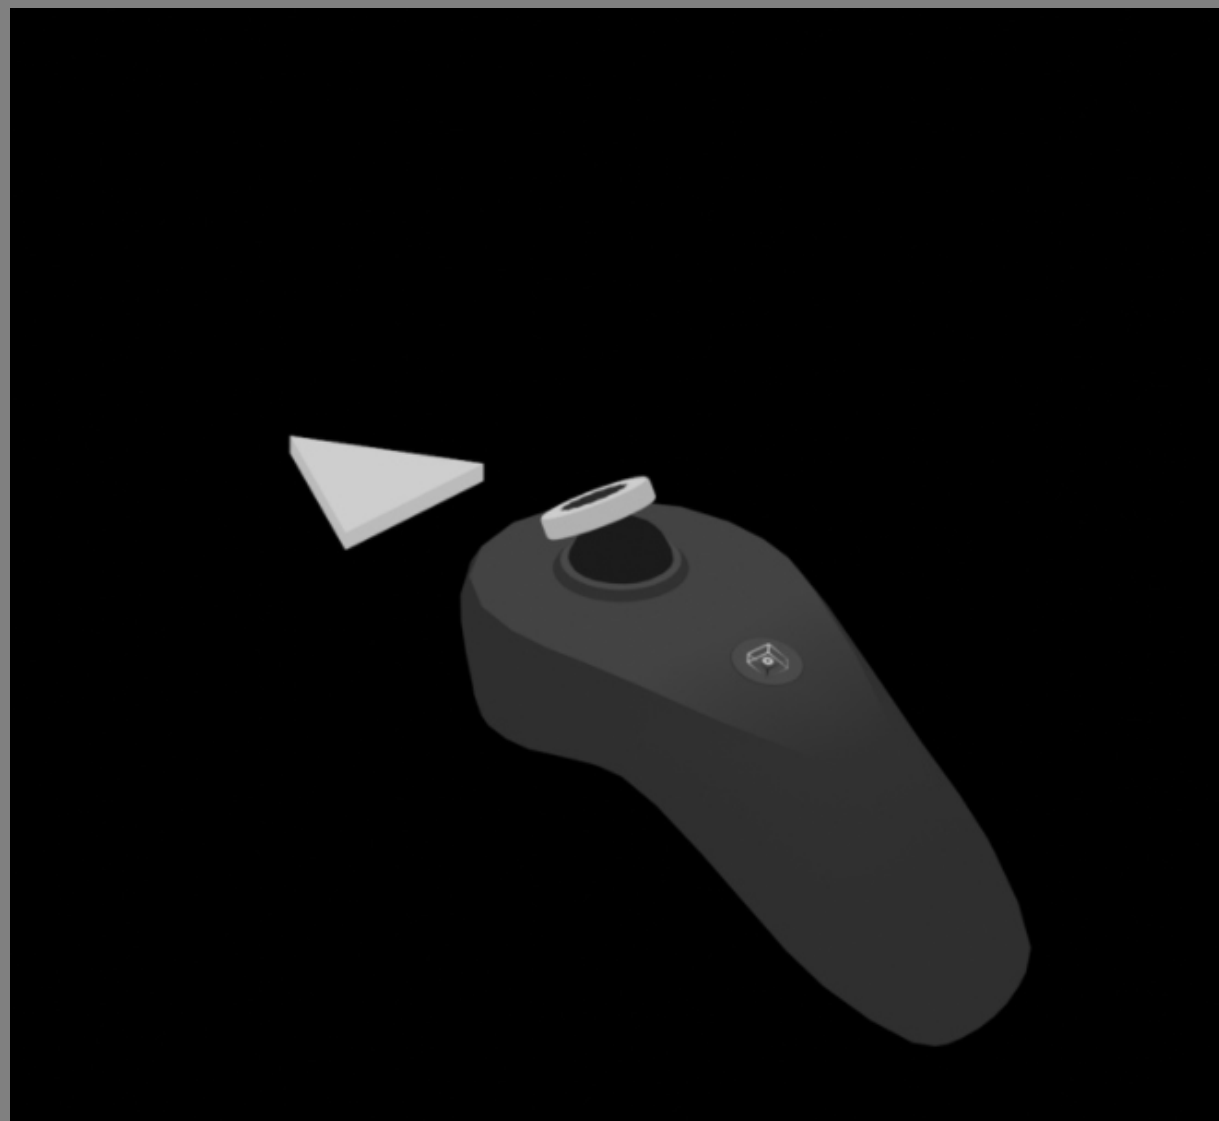

vr snake zencore

Fill the box as you eat more Packing Peanuts, skillfully navigating the maze you leave behind.

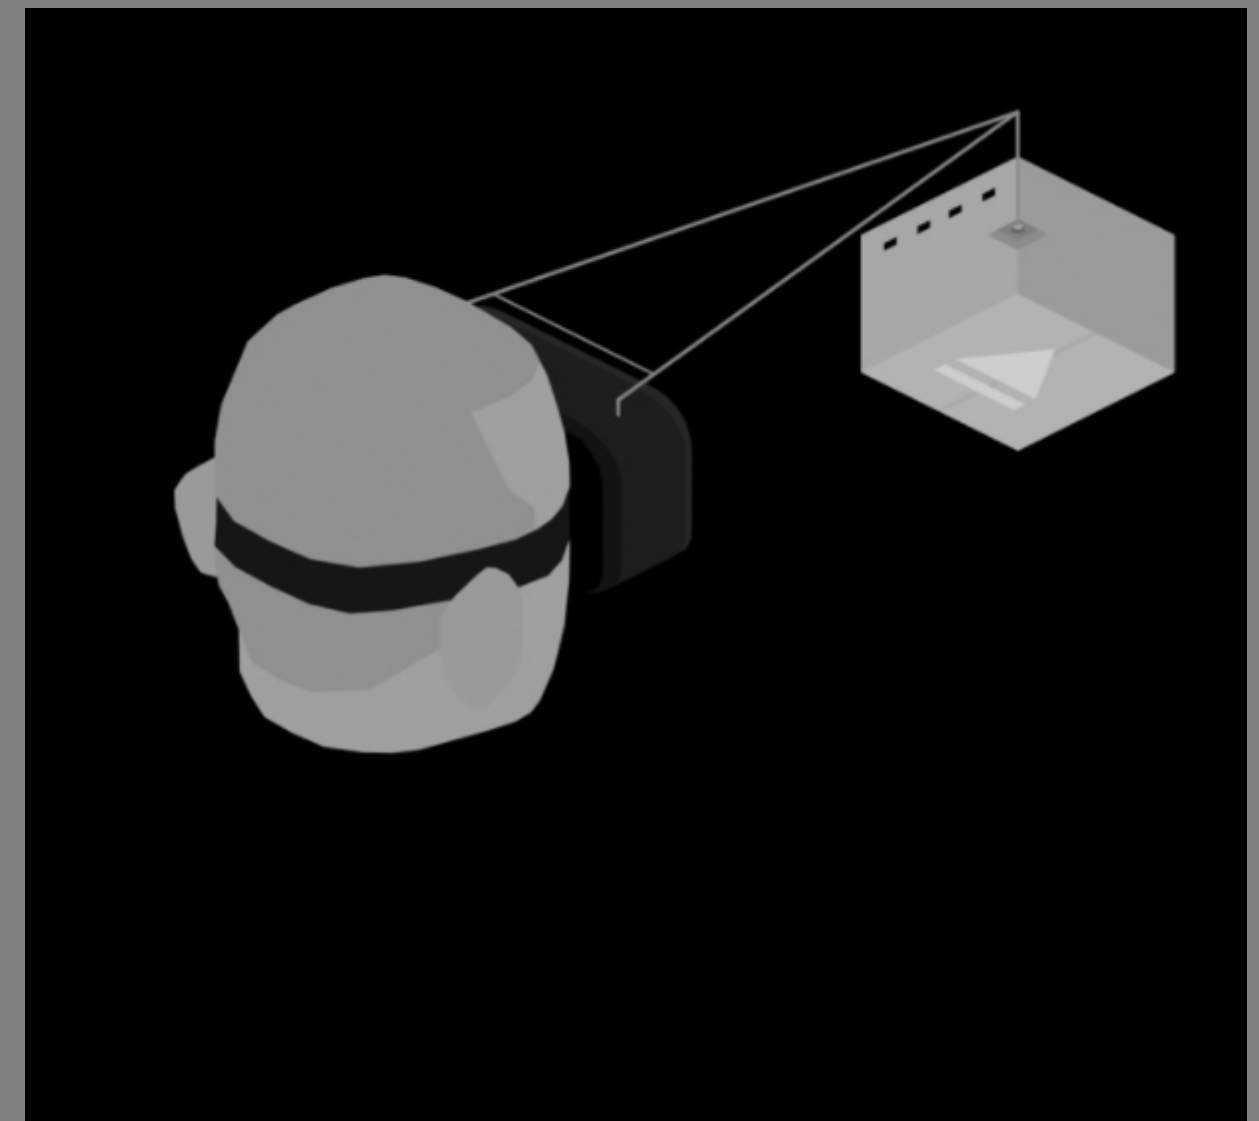

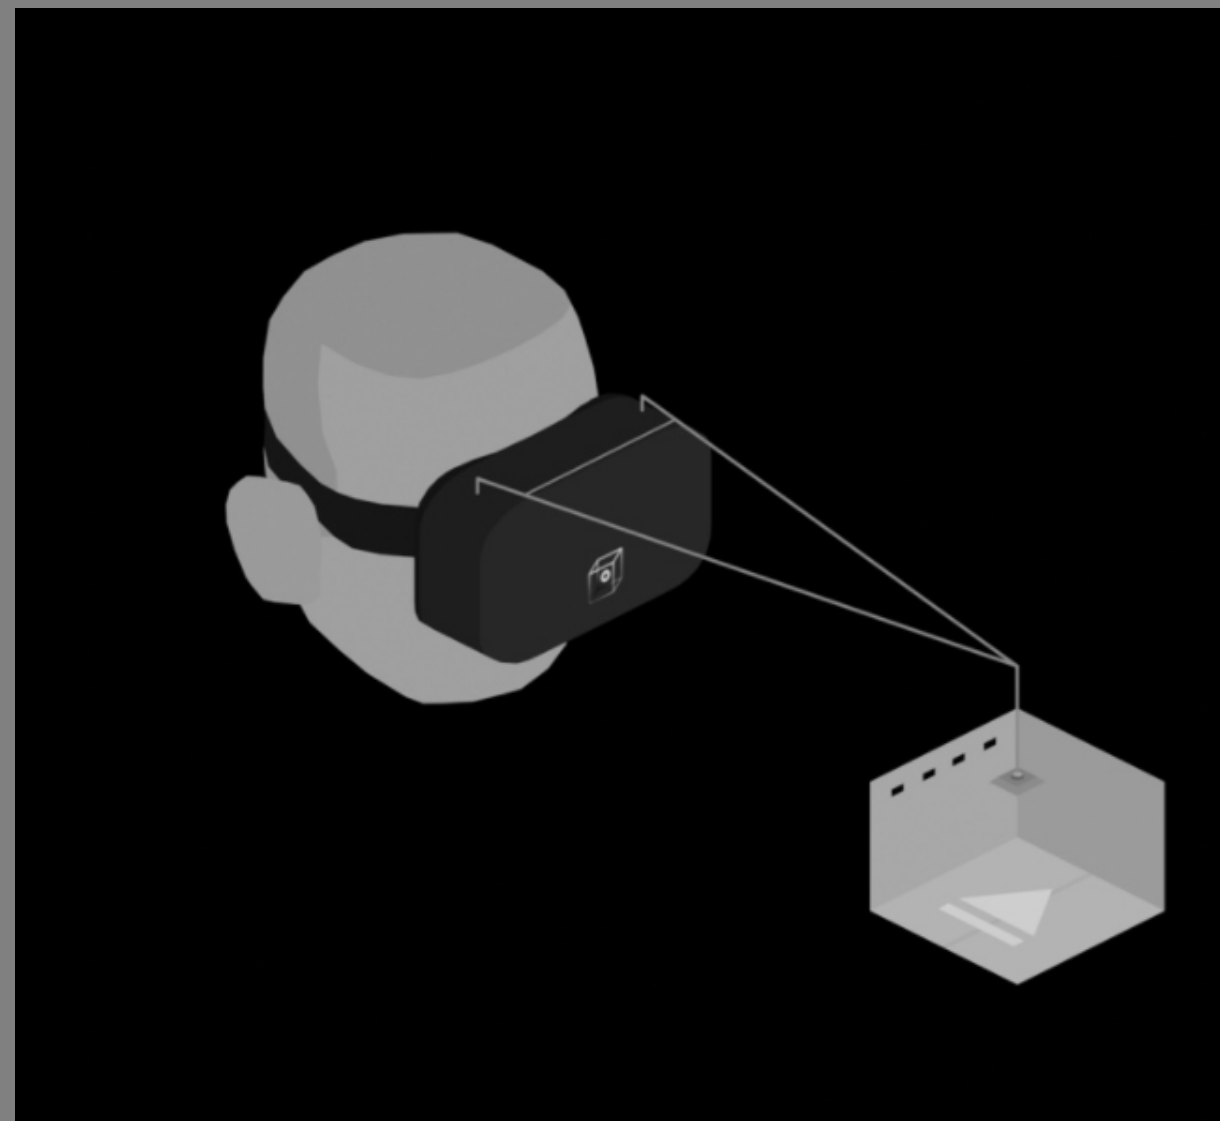

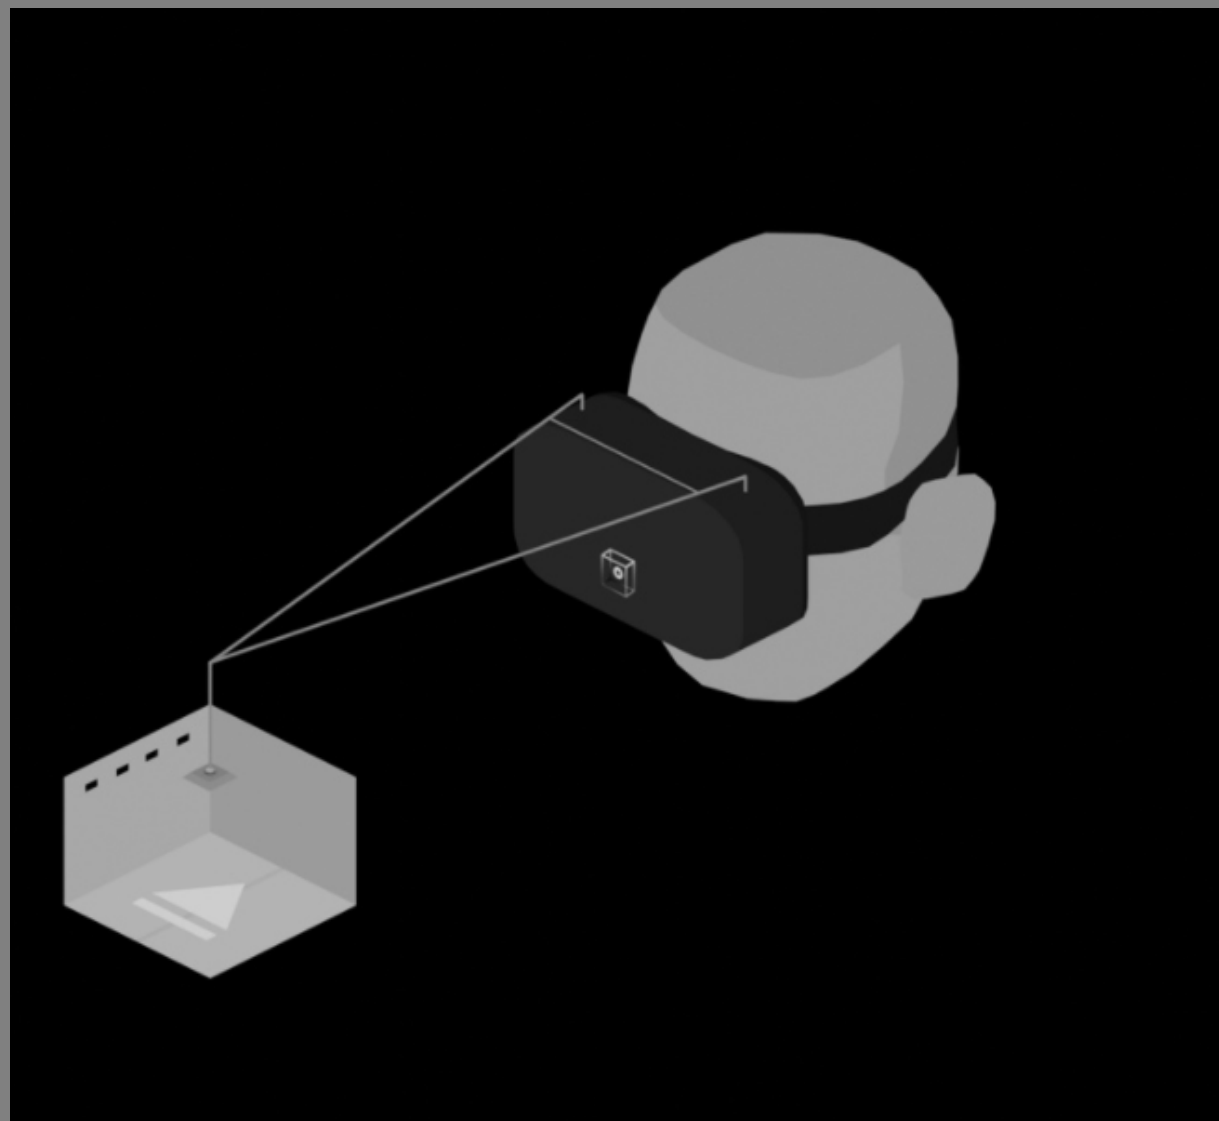

°full joystick

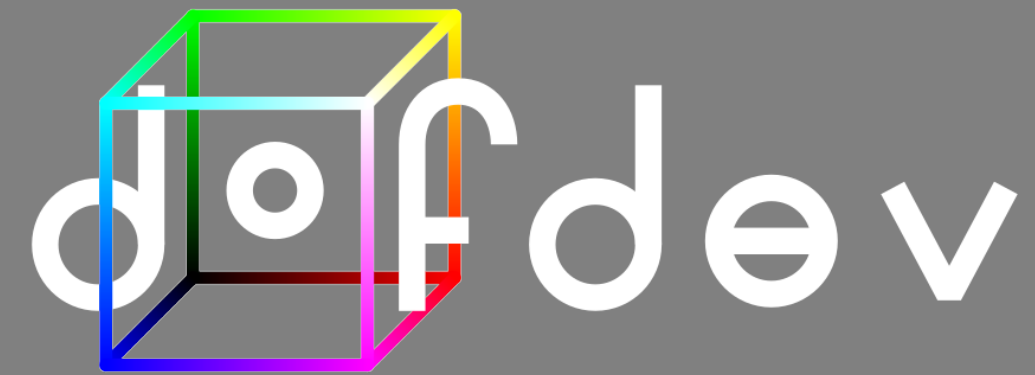

[point in any direction]

°full view

[peer into every corner] *works best without a cord (quest)

We are offering our degree of freedom forcing function results to your platform. In a neat, tested, polished and marketable package(s).

Snake in a Box is a <5\$ top seller on itch.io, originally made for the Oculus Go and GearVR now fully evolved and ready to excel for the Official Quest Platform.
